

THE TIPI TIMES

October 2021
Edition 4

Halloween

As Halloween grows near, we will be having fun with costumes and festive snacks. Our goal is to make the month more active and fun, but if as a resident you have a concern with this please contact Deanna Carlson so we can address these concerns.

Emergency Preparedness

At this month's Chat Time we will be doing our annual resident education for emergency preparedness. This will mainly cover weather conditions and fires. Questions are welcome. Please let Deanna know if you can't make it to make another time to review it.

Update Around Us

Do good and good will come to you!

The water tower is painted blue and soon will have the Prairie Island logo on it. The land beside us is being worked on to create a housing community. Houses will start coming in next year!

Hwy 316 is still under construction and still working on the 2nd round-a-bout.

Fall Fest

We are very excited to bring back our annual fall fest on October 27th.

We will have food, games, photo stations, a bon fire, cookie decorating, and lots of other fun! We are inviting the community surrounding us to come, but it is an outdoors event only. Donations for the food shelter requested. Families welcome.
